

**THE NDCAC AND
THE HEART OF
AMERICA RCFL
PRESENTS:**

**CROSSTALK -
OSINT MADE EASY**

CrossTalk is an NDCAC tool that is installed as a Chrome Extension and designed to assist with open-source internet research by automating the submission of search terms to third-party websites, extracting that data, and organizing the information in a data card.

This Webinar is designed for Analysts and Investigators who conduct open-source research to support investigations.

Tuesday March 30, 2021 at 2:00 PM CDT
